

MHN33 HE FRONT-LOAD WASHER HIGHLIGHTS

INTELLIGENT CONTROLS WITH M-SERIES TECHNOLOGY

Helps deliver powerful profits for owners and ease-of-use for customers.

DURACORE DRIVE SYSTEM

Advanced components, like shaft sleeve and premium bearings, offer improved drive system reliability.

ENERGY-EFFICIENT CLEANING

ENERGY STAR®-qualified and uses on average 10.71 gallons of water per cycle, without sacrificing cleaning performance.

MAYTAG CONNECT 360™ & CLOTHESPIN™ APP BY MAYTAG COMPATIBLE

POWERWASH® CYCLE

Provides extra cleaning power with more agitation time, hotter water and extra rinses.

ACCELEROMETER

Provides an accurate reading of cabinet vibration.

ADVANCED SPIN TECHNOLOGY

Ensures more accurate cycle times over a variety of load types, resulting in consistently low cycle times.*

SIX-POINT SUSPENSION

Four dampers and two springs provide better stability.

*Compared to previous model, MHN30, based on 18-lb. load.

WHAT'S INSIDE MATTERS®
